## Customer Loyalty Card Program Information

### **Customer Loyalty Program – What is it?**

The Town Center Group introduced the Fountain Hills **Customer Loyalty Program**. The program, which kicked-off early December 2009, is designed to encourage shoppers to spend money locally at participating Fountain Hills businesses and reward shoppers who patronize the businesses who participate in the program.

### **How It Works**

For shoppers, here's how it works. Loyalty cards are available at any participating business. As shoppers visit participating businesses, the card is stamped. Each business decides what is eligible for a "stamp." For instance, some may require a purchase, while others, like a travel agent or real estate office, may just require a visit to the office to discuss travel opportunities or available properties. When all twelve spaces on the card are filled, the last business to stamp the card keeps the card and places it in a monthly raffle drawing. The raffle prizes, supplied by the participating businesses, are valued between \$25 and \$50.

The monthly raffle drawings are typically done at the Town Center Group meetings held on the third Tuesday of each month. One loyalty card is drawn each month. The person whose card is drawn wins! The winning person is notified and arrangements are made to pick up the raffle prize.

Cards not drawn that month are left in the raffle and eligible for the following month's raffle drawing.

### **Participating Businesses**

Participating businesses will have a poster in their place of business and flyers which list other participating businesses. Businesses participating in the program can also be found on the Town Center website at [www.fhtowncenter.com](http://www.fhtowncenter.com).

### **Program Rules**

Basic rules are – 18 or older to participate, only 2 prizes per person per calendar year, only one stamp per day per customer per participating business, prizes must be picked up in person, cards not drawn that month are left in the raffle, not discarded. Information gathered will not to be sold to other companies.

### **Questions**
